

Band takes on silver screen

DONCASTER Secondary College's theatre will transform into a sight and sound spectacular this Saturday when the Manningham Concert Band delivers its annual gala performance.

The night's theme – musical classics from stage and screen – promises to take music lovers on a trip down memory lane.

Band spokeswoman Jo Ridgeway said it was the group's biggest event of the year.

"We have had great success at the gala concert in the past and aim to be bigger and better every year," Ms Ridgeway said.

Band secretary Claire

Stanner said she expected to meet that objective as Manningham Carols by Candlelight regular singer Richard Thomas would be making a guest appearance.

"Richard adds something truly special to any performance," Ms Stanner said.

The show will start with silver screen music, followed by stage and film classics.

Music from hits such as *The Wizard of Oz*, *West Side Story* and *Oklahoma!* promises to get toes tapping.
